

Peter Hathaway Capstick Hunting Heritage Award

Nomination Form

Peter H. Capstick's defense of the international big game hunting community and the role of hunting in the conservation of wildlife and its habitat made him a household name. The PHCHHA honors the memory of a great man whose writings captured his love of the hunt, his respect for and understanding of wildlife and wild lands and also promotes the hunting legacy and conservation of our wildlife resources.

The objective of this award is to bring honor and recognition to an individual, organization or group whose achievements reveal a sustained and significant contribution to the conservation of wildlife and its habitat. Additionally, the winner will have shown long-term commitment to our hunting heritage by pursuing that goal for the benefit of future generations.

In addition to this form, PHCHHA nominations should also include a letter of nomination from a current DSC member. Additional background information and supporting documents are welcome but not required.

Nominee name:

Nominator name:

Nominee phone number:

Nominator phone number:

Nominee email address:

Nominator email address:

What educational opportunities and/or research projects has the nominee participated in (supported, funded, created or expanded)?
